### The Subject of Prof. Willis' Morning Discussion.

Interesting Program for the Lecture This Evening at the Christian Church.

The Teachers' Institute this morning proved to be most interesting sessions of the week.

After the formal opening exercises the subject of Psychology was taken up and discussed by Prof. Willis. He took the question of Memory as his principal theme and treated it from the standpoint of the various subdivisions of acquisition, retention, recollection, etc.

The rest of the hour was occupied in discussing Imagination, showing the action of the mind and its uses in that direction.

Prof. Willis is becoming more popular every day as a speaker. He has a happy way of elucidating his subjects with illustrations and interspersing his remarks with anecdotes. Even when he treats of dry subjects he is a very entertaining speaker.

At 10 o'clock the subject of Geography was taken up for discussion.

Prof. John Sollee opened the discussion and was followed by Miss Daisy Rice, Prof. U. L. Clardy and Mrs. Mary P. Ware. These teachers are among the most prominent in the county, the ladies being teachers in the city schools, and the discussion proved to be one of more than usual interest.

The last subject of the morning session was Arithmetic and it was discussed by Prof. Willis with special reference to percentage and its applications to business.

The afternoon session was begun with the very important subject of School Management as the regular order for 1:30 o'clock.

The speakers were Miss Lelia Hiser, Prof. J. W. Rascoe, Miss Sallie E. Jones and Prof. R. C. Hopson.

The remainder of the program is here given:

- 2:20—Recess and Music 10 minutes.
- 2:30—Reading—J. C. Willis.
- 3:20—Recess and Music 10 minutes.
- 3:30—Literature—Teachers.
- 4:20—Music—Announcement—Adjournment.

The lecture of Prof. Willis, postponed from Tuesday night, will be delivered at the Christian church this evening. This will be the feature of the week's program.

The following program will be carried out:

- 1 Organ Voluntary—Miss Hattie Long.
- 2 Vocal Solo—Miss Allie Bottomley.
- 3 Recitation—Miss Ella Shadoin.
- 4 Vocal Solo—Mrs. Max J. Moayon.
- 5 Lecture, "Mental Influences" by Prof. J. C. Willis, Bowling Green, Ky.

## WHAT WE'LL TAKE

### Is the Question Now Exciting the Interest

Of the Great Powers of Europe—Porto Rico Conceded to Us by All.

Washington, July 28.—(Special.)—With an interest almost as keen as that felt by Spain, the Powers of Europe are awaiting the announcement of terms upon which President McKinley will be willing to end the war.

This announcement will make known the policy of the Administration with respect to the Philippines. It will without doubt be the subject of an exchange of notes between the Powers, and may prove to be the rivet which may bind continental Europe together for the purpose of bringing pressure to bear upon this Government looking to a withdrawal of its demands regarding the acquisition of territory in the Philippines and other Spanish islands in that section of the globe.

No exception will be taken by foreign Governments to the annexation of Porto Rico by the United States, and notwithstanding the declaration of this government before the war that it had no intention of occupying Cuba the Powers would be willing and glad, I was told by a foreign diplomat, to be assured of a stable Government in Cuba by its acquisition by the United States.

But a different problem presents itself with respect to the Philippines. Great Britain and Japan are desirous of the extension of American jurisdiction to the Philippines and other islands still vested in the Spanish crown, because their interests in the Far East are to a great extent identical with those of the United States, and would necessitate an identical policy in respect to the maintenance of the integrity of China.

Opposed to such extension are the Powers of continental Europe, who anticipate an alliance between the United States, Great Britain and Japan by the occupation of the Philippines by the American Government.

Mrs. J. J. Barnes, wife of Sheriff Barnes, who has very sick for a week, is much better to-day.

Mr. Edgar Brown, son of Mr. M. B. Brown, of Crofton, who has been sick with fever for two weeks, was reported in a very critical condition this morning.

The condition of Mr. Jas. O. Cook, who has been dangerously ill with typhoid fever for two weeks, is much improved and it is now believed by his many friends that he will recover.

### Located Them in Princeton.

The three colored prisoners, Geo. Lockhart, Willie Leavell and Kirk Baxter, who escaped from the work house here Thursday, have been heard from. They were seen in Princeton a few nights ago, but were not arrested, as they managed to elude the officers there and got out of town. They are believed to be in hiding near that place, however, and may be captured at any time. A reward of \$15 each has been offered for their capture and return, or a reasonable reward where captured.
